of Engineers

# ENGINEERING AND CONSTRUCTION BULLETIN

No. 2002-26 Issuing Office: CECW-ETV Issued: 30 August 2002 Expires: 30 August 2004

**Subject:** Environmental Contaminants on MILCON Sites

**Applicability:** Information

1. Army has recently put out two memorandums declaring that remediation/cleanup efforts associated with known environmental contaminants on MILCON sites are to be funded from sources other than MILCON funds. The memos also indicated that Army installations are responsible for the environmental survey and associated documentation of a proposed MILCON site using funds from other than MILCON.
2. The requirements are contained in ACSIM (DAIM-FD Memorandum, 3 May 2002, Subject: Environmental Contaminants on MILCON Sites) and DASA (DASA (IH) Memorandum, 12 April 2002, Subject: Environmental Contaminants on MILCON Sites).
3. There may be some exceptions allowed as the ACSIM memo indicates that "Incidental, minor remediation/cleanup may be included on a case-by-case basis."
4. This policy is not presently included in AR 415-15 but will be included in the next update. The point of contact at ACSIM is Mr. David Reed, (703) 692-9203 (DSN 222) or [ReedDM@hqda.army.mil](mailto:ReedDM@hqda.army.mil).
5. This bulletin was coordinated with the Office of the Director of Military Programs, point of contact Howard Stickley, 202-761-1995. Point of contact for this bulletin is Dale Otterness, CECW-ETV, 202-761-7697.

DWIGHT A. BERANEK, P.E.  
Chief, Engineering and Construction Division
